Hello Jayne,

I have some materials in process. I have a few days before the meeting to see if how I drafted things are the way we want to go. It is possible that some drafts may be available prior to the meeting.

Let's plan on an oral update for the 11th and may be able to deliver more. I think we are still on track with that schedule.

Randy

Subject: Status of Outline of the draft OSDS Rules & Willingness to Provide Update on July 11 Call

Hi Randy,

Will you be able to provide an update on the following during the July 11 Progress on Commitments under CZARA 6217 Settlement Agreement (Mgt Call) Call? I will be sending out a draft agenda shortly.

Just wondering about the status of the following action item:

On-site Disposal System
Randy Trox may provide an outline of the draft rules (on OSDS inspections at time of transfer by trained/certificated inspectors) by June 2012.

Is the following schedule, provided by Zach Loboy last January still accurate?

We are planning to have public hearings on the rulemaking in mid-October so we will have draft rules ready for public review by then. We are planning to have proposed draft rules for our Environmental Quality Commission (EQC) to consider around the end of 2012 and we plan to have the rules to the EQC for approval in February, 2013.

Regards,

Jayne Carlin, Oregon CZARA 6217 Coordinator
